

World Class Printing Systems
for **Real World Applications**

HI-RES / PIEZO *Replacement* FLUIDS

DISCOVER YOUR BEST SOURCE FOR INK JET FLUIDS

Squid Ink manufactures superior quality ink jet fluids designed for a wide variety of ink jet printing systems. In fact, Squid Ink offers the most complete line of hi-res and piezo inks in the industry today. Our hi-res and piezo inks include formulations for the most common printing systems, and are packaged in 100% compatible, direct replacement containers.

LOWER DOWNTIME AND MAINTENANCE COSTS

As an innovative leader in the industry, Squid Ink has been instrumental in formulating inks for today's newest technologies. Our hi-res inks are fully compatible with the formulations used in hi-res and piezo printers manufactured by Marsh®, Videojet®, Diagraph®, Foxjet®, Domino®, Matthews®, Imaje®, HSA® and others. Our inks are formulated to meet or exceed the specifications and performance of OEM inks.

PLUG AND PRINT WITH 100% COMPATIBLE CONTAINERS

Squid Ink manufactures quality replacement inks for the most common hi-res systems in the marketplace. We also package these inks in 100% compatible containers, eliminating adaptors, fittings, or add-on units. These products include 500ml bottles for Videojet®, 500ml bags for Imaje®, 1-liter cartridge for Domino® and the 500ml ScanTrue II bottles for the Trident print engine. No flushing is needed with Squid Ink - simply replace the ink container and continue printing.

REST EASY WITH A NO-RISK WARRANTY

Squid Ink stands by the product line with a comprehensive warranty. Squid Ink guarantees that all fluids will be free of defects and will not cause damage to ink jet printers when used under conditions for which the product was manufactured. Squid Ink will replace or provide full credit for products which we supply that are defective and returned by the customer. For a complete listing of our warranty, please see our website at www.inkjetfluids.com

WHY OUR INK JET FLUIDS ARE BETTER THAN THE OEM

- All of our inks are formulated to meet or exceed the OEM specifications
- Our hi-res formulations include the highest quality resins, dyes, and materials available
- Our inks are filtered to .2 microns absolute
- Dark print improves bar code scannability, small character printing, and crisp, clean graphics
- No flushing required with Squid Ink fluids - simply replace and continue running
- Competitively priced as a cost-effective alternative
- We consistently ship all fluids within 48 hours of order
- Our twenty-five year history of providing replacement inks to the manufacturing and packaging industries speaks to our commitment to service and quality

Marsh®/Videojet®
500ml or 1-liter bottles

Domino®/Alpha-Dot®
1-liter cartridge

Imaje®/Fasco®
500ml bags

HS-Automatic®
500ml bottle
