

# M6 Handheld Inkjet Printer

Applicable to various materials and applications

4.3 Inch  
color screen

Industrial thermal  
foaming nozzle

Quad core  
CPU

Removable battery  
for more  
flexible replace

300DPI  
high definition  
printing quality

Support external  
photocell connection

## Product Advantage 1

### Low cost of consumables

Original ink cartridges which can print about 300,000 characters. An original imported ink cartridge has a service life of 1.5 times longer than that of a refilled ink cartridge. It has strong adhesion and does not fade when exposed to high temperatures and low temperatures.

## Product Advantage 2

### Smart touch screen

The 4.3-inch high-definition color touch screen, the quad-core processor, the machine runs smoothly, the touch screen is more comfortable, and the operation is simple and easy to use.

## Product Advantage 3

### Built-in embedded Linux system

Linux operating system, the system runs fast and is not easy to crash. There is a professional R&D team to design the system and font library, so that users can use it with more personality.

## MAIN ADVANTAGES

### Intelligent

Embedded intelligent operation system. 8G system memory, save more than 100,000 messages.

### Portable

Fashionable and portable, easy to carry. Battery is removable, ultra-long standby time.

### Worry Free

Simple operation, non-maintenance. One year free warranty and lifetime maintenance.

### Efficient

360° omnibearing printing with both of handheld & online. Support online editing directly, without computer connection.

### Industrial Design

Resistive touch screen, Anti-interference and durable. Leading industrial design, more ergonomic.

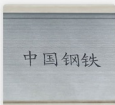

### Low Cost ,High Performance

New and updated inkjet engine, low cost and high quality printing performance. With original imported ink, suitable for all kinds of materials and industries.

## APPLICATION

Carton

Iron

Cable

# M6 Handheld Smart Inkjet Printer

Thermal inkjet  
300dpi High resolution printing  
Removable battery

## SPECIFICATIONS

**Print Head:** Thermal inkjet 2.5

**CPU:** Quad core 1.4GHz

**Operation System:** Linux

**Print Distance:** Best quality with 2-5mm

**Interface:** USB, photocell

**Dimension:** 220\*114\*130mm(H\*W\*D)

**Print Resolution:** 300dpi Maximum

**Print Height:** 2-12.7mm

**Weight:** GW 0.82KG

**Battery:** 2600mAh @ DC14.8V

**Material of Printer:** ABS+PC

**Ink Type:** Water-based/42ml, solvent /42ml

**Adapter:** AC input 100~240V; DC output 16.8V/2A

**Language:** Chinese, English, Turkish, Arabic, Korean, Spanish, Russian, Portuguese, Italian, Thai

**Ink Color:** Black, White, Red, Blue, Yellow, Green, Invisible and UV

**Print Content:** Text, number, date, time, symbol, QR code, bar code, DM code, logo and counter

**Print Media:** Board, carton, stone, pipe, cable, metal, plastic, glass, wood, electronic and automotive parts

**Operational Environment :** Temperature 10-45°C(The best:20-30°C)Humidity 40%-60%Rh
